

# Success Stories - Enterprise<sup>®</sup> HV16 Series

## 4,000 Hours Still Running

**MHP-PLUGS**

MOTORTECH HIGH PERFORMANCE SPARK PLUGS

**MOTORTECH B7324** and **B7424**, 7/8-18 UNS MHP spark plugs are providing long life and improved combustion for over 4,000 hours, in **Enterprise<sup>®</sup> HV16** series engines, one of the toughest engines in the pipelines for spark plug life and performance.

Integrated into an unshielded system, that includes PolyMot<sup>™</sup> spark plug leads and an conventional ignition system, the MHP spark plugs have improved overall ignition performance, and outperformed competitive spark plugs (Champion<sup>®</sup> RW78N and RW77N) in this engine **by a factor of 2** and they are still running!

\*Note: Running hours may vary due to application type.
