## MOTORTECH – the next Step

Dear customer,

In the course of our strategic orientation we are taking the next step forward towards our customers. Our goal is to be able to serve and supply our customers worldwide even better through more regional proximity.

For this reason we are consistently expanding our sales network. For this purpose, we rely on strong partners worldwide who represent MOTORTECH as a distributor in their regions with first-class advice, highly qualified service and locally available products and spare parts, taking care of our customers.

We are proud to have found a partnership for Belgium. In the future please contact your new distributor:

Our distributors are always up to date with the latest technology through continuous training and further education in order to provide you with optimal advice and support. This means that MOTORTECH know-how and MOTORTECH technology is available to you in your time zone, in your national language and in your region.

From ignition leads to complex engine upgrades, we ensure high availability of materials and know-how in your region. This will give you the advantage in future of short sales and distribution channels, it will also be possible to pick up the parts from the distributor, and just as short delivery times will ensure a quick response to inquiries and emergencies.

If you have any questions, please do not hesitate to contact us at any time.

With kind regards

Your MOTORTECH-Team
